APPLICATION FOR ADMISSION 2009/10 Academic Year

Please note that the application to the Collaborative Program in Knowledge Media Design (KMD CP) is an independent procedure that does not supersede the application to a home department. In order to be eligible for enrollment in the KMD CP, you must be enrolled in one of the Program's collaborating graduate units at the University of Toronto. Consult the individual units for their application and admission procedures. Admission into a collaborating unit does not guarantee admission into the Collaborative Program, nor vice versa.

Fill in this form legibly by hand, or word-processor, including the Checklist on the last page. For assistance with filling in this application, please see [How to Apply](#)
